

## Associate Goliath Installation Instructions:

You can upload the plugin in TWO ways (like with every other plugin):

A) You can use a free FTP program like [Filezilla](#)

B) You can use the uploader function from within your Wordpress admin panel.

### HOW TO INSTALL THE PLUGIN USING FILEZILLA:

**STEP 1:** Unzip the file associate\_goliath.zip to a folder on your computer

**STEP 2:** Upload the folder "associate\_goliath" to your blogs plugin folder.  
The path to your plugin folder is usually something like:  
YourBlog.com/wp-content/plugins

**STEP 3:** Login to your blog. Then click on "Plugins"

**STEP 4:** In the "Manage Plugins" screen, look for the plugin "Associate Goliath"

**STEP 5:** Click the "Activate" link below the "Associate Goliath" plugin.  
You will get the message: *"Plugin activated. Your plugin is activated and ready to be used."*

**STEP 6:** In your wordpress dashboard (the main page in your Wordpress control panel) you will see a section called "Associate Goliath" (It should be below the "Settings" section). Click on "Associate Goliath" and you are ready to start using the plugin :-)

## HOW TO INSTALL THE PLUGIN USING THE WORDPRESS PLUGIN UPLOADER:

**STEP 1:** In your Wordpress panel, go to: Plugins ==> Add New ==> Upload ==> Browse

**STEP 2:** Find the file "associate\_goliath.zip" on your computer.

**STEP 3:** Click "Install Now"

You should see the following message:

Unpacking the package...

Installing the plugin...

Plugin installed successfully.

Actions: [Activate Plugin](#) | [Return to Plugins page](#)

**STEP 4:** Click on "Activate Plugin"

You should see the following message: "Plugin activated."

**STEP 5:** In your wordpress dashboard (the main page in your Wordpress control panel) you will see a section called "Associate Goliath" (It should be below the "Settings" section). Click on "Associate Goliath" and you are ready to start using the plugin :-)
